

2026 Annual Kick Off

**Be
where
God
is.**

“The God who made the world and all things in it ... is not far from each one of us; for in Him we live and move and exist.” –Acts 17:24-28

Be where God is.

**“God will meet you anywhere
that you’re willing to meet
Him.” –Charles F. Stanley**

There’s no place you can go where God isn’t at work.

Think about that for a moment. The corner office where decisions get made. The hospital room where hope feels thin. On the road, in the voting booth, and around the family dinner table.

God is there first. Working. Moving. Calling us to Himself. That means right now, right where you sit, He’s present and active.

At In Touch, we don’t want to simply tell you about God’s

presence—we want to help you encounter Him personally. And to join the Lord in the places He’s already transforming lives. That was Dr. Stanley’s vision for this ministry, and it’s still our vision today. His calling remains our calling.

As you read about where God is leading us in 2026, we invite you to pray for all that your partnership will make possible—and for whatever the Holy Spirit lays on your heart.

The Lord is there
when you
*watch and
listen.*

HOW WE'RE JOINING HIM: By taking our programming everywhere we can so that believers receive encouragement when and where they need it most

PRAY WITH US
for the millions
who will encounter
God's Word
through these
digital channels
this year.

Dr. Stanley on TV and Radio

For over four decades, Dr. Stanley's weekly broadcast has been the cornerstone of In Touch Ministries—reaching millions of viewers with clear biblical teaching that transforms lives. Whether it's part of a Sunday morning routine, a divine appointment during a sleepless night, or someone's first encounter with the gospel, this program continues to be one of the most trusted voices among believers all over the world. We remain dedicated to keeping Dr. Stanley's voice on the air, reaching as many people as possible with the life-changing message of Jesus Christ.

In Touch+

Last year our streaming platform, In Touch+, became available on DirecTV and AT&T U-verse. This January we expanded to additional platforms, including XUMO Play and Hisense smart TVs, making our content accessible to more households. We'll continue adding content and finding new ways to bring biblical teaching to anyone, anywhere, anytime.

The Lord is there
when you
slow down.

HOW WE'RE JOINING HIM:

By creating resources for personal devotion, reflection, and quiet connection with God

PRAY WITH US

for people around the world who will encounter the Lord in new ways through these quiet moments with Him.

Large Print Devotional

The daily devotions you know and trust are now available in a larger font. The In Touch devotional continues to anchor believers' daily rhythm with God, and now it's accessible to even more people.

Daily Devotions in More Languages

We're leveraging AI to translate the In Touch devotional into more languages on YouTube. This year we'll add 10 in addition to current languages: English, Spanish, Hindi, and Portuguese.

Guided Audio for Prayer and Reflection

This spring we're releasing audio versions of *Field Guide to God's Presence* and *Let Us Pray*. Both series will guide you through prayer, reflection, and Scripture meditation whenever you find yourself with a quiet moment.

The Lord is there
when you're
on the go.

HOW WE'RE JOINING HIM:

By bringing biblical truth and discipleship into busy schedules, daily commutes, and the moments in-between

PRAY WITH US
for divine appointments—that people discover In Touch content in the moment they need it most.

In Touch Messenger

By the end of this year, we will have distributed 1.74 million Messenger audio Bibles. The Messenger brings the Word of God and Dr. Stanley's sermons into the daily routines of people everywhere—whether they lack access to printed materials, live in remote areas, come from oral cultures, or are visually impaired.

From the Pastor's Heart Podcast

Starting this January Dr. Stanley's monthly letter is also available as a podcast. Each episode features his teaching, read by an In Touch team member, plus a personal conversation about the impact of that message.

Getting Started With Dr. Stanley Podcast

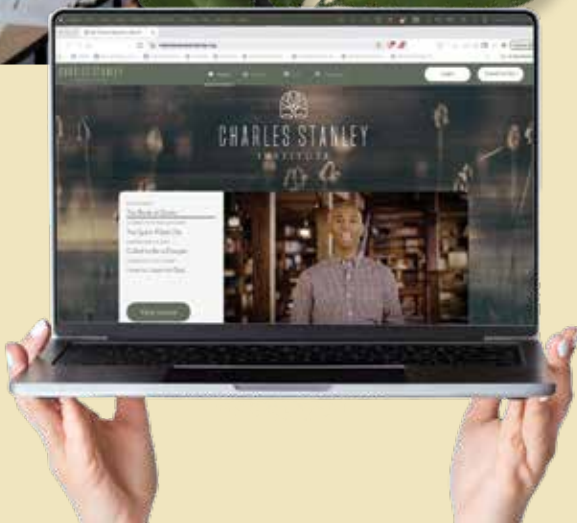

This podcast offers a fresh perspective each month, encouraging you in your time with God and His Word. Each episode highlights Dr. Stanley's teaching and applies it through guided prayer and reflection.

The Lord is there when you're *hungry to learn.*

HOW WE'RE JOINING HIM: By providing
resources that help people deepen their faith
and equip others to do the same

*Life Principles Training
in Moldova*

PRAY WITH US
for the 13 new
teachers being
raised up—that
they may carry
God's Word with
wisdom and
endurance as
part of the global
church.

Life Principles Training Expands Globally

For the first time, our Life Principles Training will reach six of the seven continents. In 2026 alone, ministry workers will be equipped in 15 countries, and to make this possible, we're translating the *Life Principles Manual* into 10 languages. All participants receive training in their heart language and Messengers equipped with Scripture and sermons to share with their communities.

Charles Stanley Institute

The 2026 curriculum includes teaching on the character of God (*Attributes of the Author*) and theology (*From Sunday School to Seminary*), as well as a book club reading of Dr. Stanley's *In Step With God*. The Institute is also expanding its educational reach through In Touch+ and Pando, a prison-based learning platform.

Follow Me: Answering Jesus' Call to a Generous, Vibrant, Joyful, Sustain- able, Real Life With Him

Ever wondered exactly how you're supposed to forgive someone? Or how to spend time with God when life is chaotic? This practical book offers accessible strategies for everyday Christian living and will be available this summer.

Scripture for the Kinabalian People

We're funding Scripture translation for approximately 15,000 Kinabalian speakers in the Philippines. Acts and 1 Corinthians are underway, with a goal to complete the New Testament by 2030.

Your invitation: *Step in*

**You don't have to create opportunities to serve God.
You just have to recognize the ones He's already
placed around you ...**

In your neighborhood. God is working in the elderly neighbor who could use practical help, the young family navigating new challenges, the community conversations about local needs.

At your workplace. God is working in the colleague who asks thoughtful questions about life, the boss who's dealing with a family crisis, the team that needs wisdom for ethical decisions.

to God's work.

In your everyday rhythms.

God is working through your patient response to frustration, your generous spirit during tight seasons, your willingness to listen when someone needs to be heard.

Around the world. Through your partnership with In Touch, God is working in rural villages receiving their first audio Bible, in pastoral training centers across multiple continents, on digital platforms reaching people in closed countries.

Friend,

God is
with
you.

**And that means we want to be there, too—
supporting and encouraging you each day as
your relationship with Him grows.**

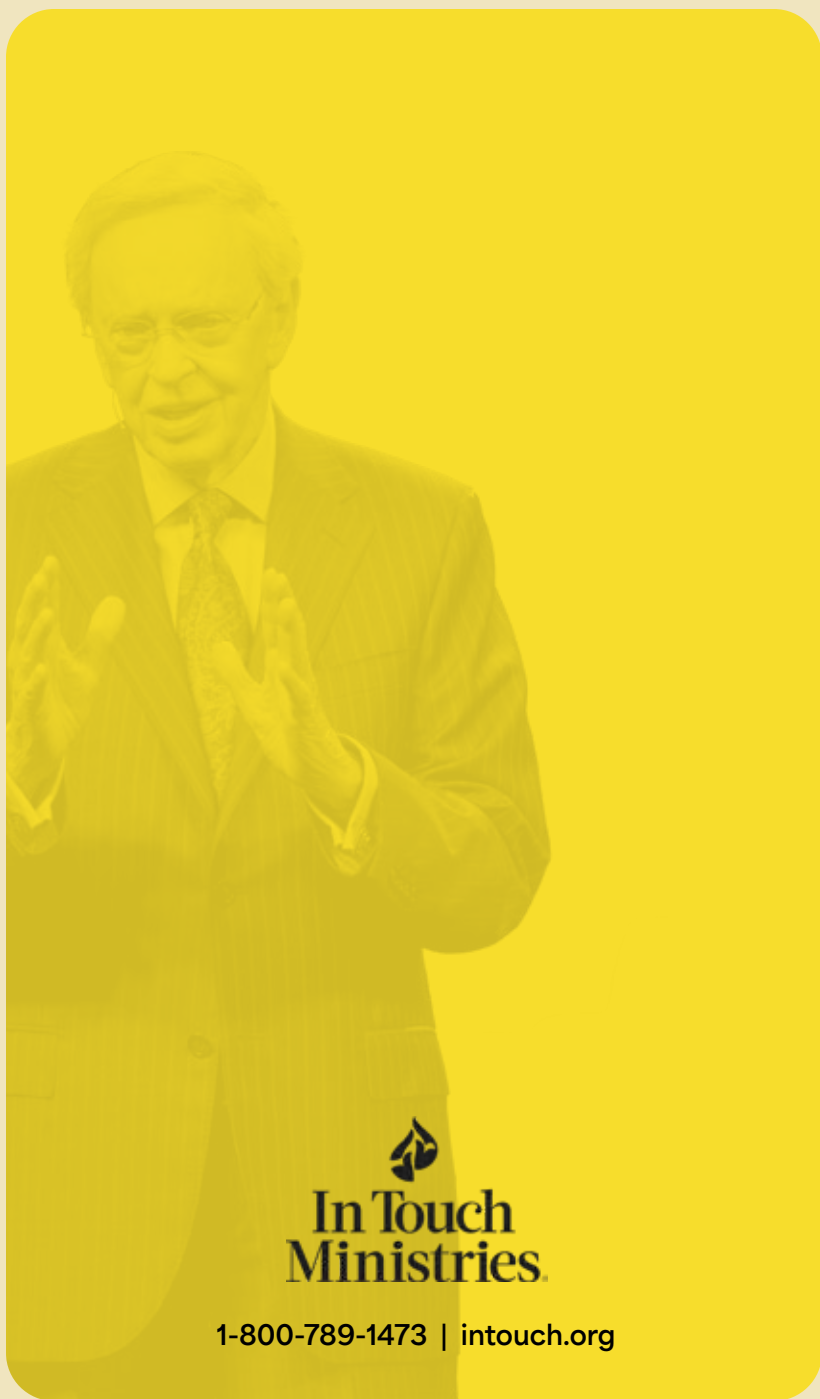

We'd like to close by offering a prayer for you so that no matter what circumstances you find yourself in, you will sense the Lord's nearness—and see His hand actively at work in your life. Let's pray.

Heavenly Father,

*You are present in every corner of our lives—
in the expected and unexpected,
in the mundane and the extraordinary.
Help us recognize Your hand at work
each day. And give us courage to step
into the moment with You
and join You in building Your kingdom.
Thank You for being our constant companion,
guide, and source of strength on this journey.
You are all we need now and forever.*

In Jesus' name, Amen.

Thank you for walking with us as we follow God where He is going.
We're so grateful to be with you on this journey.

**In Touch
Ministries.**
